Address: Pratap Nagar, Sursand Road, Sitamarhi

Dear Parents,

I am highly delighted to inform you that the “Tiny Tots School” has become a symbol of confidence and talent within a very short period of time. It is almost eighteen years to go when we started this school in April 2006. It was open with the view to spread the real and quality education among the new generation of Sitamarhi. I am really surprised and happy that within this short span of time The Tiny Tots has emerged as a real source of inspiration and a model platform of education for the kids of Sitamarhi.

I am also thankful to the public of Sitamarhi who has shown tremendous confidence in our system that helped us in setting the real and the most desired standard of education.
